

3 Courses

.Net Full Stack Foundation

Frontend Development
using React

Backend Development for
.Net Full Stack

**BOARD
INFINITY**

May 23, 2024

WALEED ALI SARWAR

has successfully completed the online, non-credit Specialization

.NET FullStack Developer

In this specialization, learners are taught to build web applications using React & ASP.NET technologies. They have learnt the fundamentals of C# Programming, how to develop web applications using React and setup backend using MVC 5 and WebAPI. They are well-equipped with the knowledge and skills needed to develop advanced fullstack web applications.
